Safety Net System Certificate

Certificate No: 05054-SNS1
Issued by : Lance Kennedy Hope
Issued to : "Safety Net Systems Nelson Ltd"
In respect of : Compliance of Domestic Safety Net systems for "Safety Net Systems Nelson Ltd"

As an independent design professional covered by a current policy of Professional Indemnity Insurance to a minimum value of \$300,000, I believe on reasonable grounds that :-

- (i) Subject to all proprietary products meeting their performance specification requirements.
- (ii) And the building framing complies with NZS3604
- (iii) And the Safety Net System is fitted in accordance with the Installation instructions
- (iiii) Then the safety net system will comply with the requirements of the
"Best practice guidelines for working at heights in New Zealand April 2012"
DOL 12048 APR12 published by the Department of Labour.

The components for this system have been designed certified and tested for the applications covered in the installation instructions.

The applications include nets below 35 square meters with under-net clearances of 2.3m and working heights up to 3m above the net line.

All the Product Certificates and Test Certificates are held by "Safety Net Systems Nelson Ltd"
